Endeavouring to bring future technology into its operations

# SECURE **NOW**

## MISSION

To provide 360 Degree Security Solutions, through innovation, assurance & excellence

## VISION

To be an internationally renowned corporation, known for its excellence in customer & employee satisfaction, inspiring prospective customers and employees to associate with Twenty Four Secure Services for a mutually rewarding relationship.

## VALUES

- Statutory Compliances
- Ethical
- Responsive & Sensitive
- Transparent

# COMMITMENT

Our commitment is to **fully protect our client premises' and people**. The 24 Secure Services provides complete security solutions that fall under one umbrella and tailored to our clients needs. These range from manned guarding services & events protection, closed protection services, to technology solutions and facility management.

Twenty Four Secure Services Private Limited is one of the primary security service provider in India. The multiple Award winning company has been a professionally managed Security group consisting of highly committed and dedicated security professionals since its commencement in the year 1999.

24 Secure has endeavored to bring the best security solutions to its customers through innovation, regular audits, assurance to excellence, training and strict statutory compliances and today it has grown into a **Comprehensive Security Solution Provider**, offering a wide range of security services.

## OUR STRENGTH

Our Management team synergises the wisdom and experience of seasoned security professionals from the defence and the police forces with enthusiasm and vibrant energy of young executives from security and management backgrounds.

## DO YOU FEEL CORNERED?

Have you ever been followed, eve-teased, mentally undressed...  
How secure do you feel?

**It is time to become your own bodyguard!**

**A complete Guide  
to your personal safety**

This is an amazing  
work-book for  
security and safety  
of women  
authored by a  
young man.

This is truly creditable. I call it a work-book, for the readers can actually self-work & self-help. It would be equally good for trainers to use this as a comprehensive model/module and a valuable reference. I also perceive this work-book as a great resource for 'self preparation to prevent & protect'. All placed together visually and informatively...

Self Defense training for girls needs to be incorporated in all educational institutions. It will enable women to not only protect themselves but equally enhance their self confidence and self worth. We must remember that confident and safe women mean a stronger and happier nation.....

With best wishes...Dr. Kiran Bedi

**Security**  
Is a way of life...  
**no matter**  
where you are...

## FULLY EQUIPPED FOR YOUR NEEDS...
